

Odum Institute for Research In Social Science

The Social, Behavioral, and Economic Sciences Statistical Institute
Introduction to Data Analysis for the Social Sciences
University of North Carolina at Chapel Hill
July 26 – August 2, 2009

COURSE DESCRIPTION: The institute is designed to provide graduate students with basic concepts to facilitate the transition into their respective social science disciplines. Statistical techniques, software and data manipulation will be presented. Additionally, there will be a variety of academic and social activities designed to promote inter-institutional student networking for future collaborations.
